

Will Harmon, DPT

Will is a Doctor of Physical Therapy (DPT), and a graduate of the University of South Carolina and the Medical University of South Carolina. He has been practicing physical therapy for more than 25 years. He and his son Kirk, also a DPT, own and operate Trek Physical Therapy in Irmo, SC. In his spare time, he is a car and truck enthusiast, a nature lover, and resides in Lexington County with his faithful companion, Cap, an Australian Cattle Dog.

After seeing the challenges faced by a family member diagnosed with Parkinson's, Will and his son Kirk, upon opening their own treatment facility, made the decision to specialize in providing physical therapy treatment to persons diagnosed with Parkinson's Disease and other neuromuscular conditions. There are many treatments and techniques available today to make living with Parkinson's disease easier for both the persons diagnosed, and their caregivers. Will and Kirk feel it is of vital importance that this information get to those who need it, and efforts through vocation and volunteerism are two ways to do just that, and to serve those who have such needs.
